**Celiac Disease Panel**

Test	Current Result and Flag	Previous Result and Date	Units	Reference Interval
Endomysial Antibody IgA <sup>01</sup>	Negative			Negative
t-Transglutaminase (tTG) IgA <sup>01</sup>	2		U/mL	0-3
		Negative	0 - 3	
		Weak Positive	4 - 10	
		Positive	>10	
	Tissue Transglutaminase (tTG) has been identified as the endomysial antigen. Studies have demonstrated that endomysial IgA antibodies have over 99% specificity for gluten sensitive enteropathy.			
Immunoglobulin A, Qn, Serum <sup>02</sup>	339		mg/dL	90-386
